<u>Test Packages &amp; Pricing</u>		
<b>S1H</b>	<b>\$21.40</b> <small>(Incl. 7% IA Tax)</small>	<u>Lawn &amp; Garden Soil Test</u> - Includes pH, organic matter, cation exchange capacity, phosphorus, potassium, calcium, & magnesium
<b>Metals</b>	<b>\$27.82 each</b> <small>(Incl. 7% IA Tax)</small>	<u>Metal Test</u> - <b>cost is \$27.82 PER METAL</b> - Lead, arsenic, cadmium, etc. Used to determine presence of heavy metals in suspected areas; not typically necessary for routine testing, only when there's a cause for concern

<u>Instructions</u>	
	<p><b>Sampling:</b> Take several samples approximately 4-6" deep around the area to be tested using a soil probe, trowel, or shovel. Mix together thoroughly in a clean bucket and transfer 1-2 cups of soil into a labeled quart bag. Submit a separate sample for each unique area (garden, lawn, flowers, etc.).</p> <p><b>Packing &amp; Shipping:</b> Complete this form with a separate line for each sample, making sure the Sample ID matches what's written on the sample bag. Package the sample(s) in a box with this form and ship them via your preferred method to the address above.</p>
