Test Packages & Pricing

S1H	\$11.77 <small>(IA Tax Included)</small>	<u>Lawn & Garden Soil Test</u> - Includes pH, organic matter, cation exchange capacity, phosphorus, potassium, calcium, & magnesium
Metals	\$27.82 each <small>(IA Tax Included)</small>	<u>Metal Test</u> - cost is \$27.82 PER METAL - Lead, arsenic, cadmium, etc. Used to determine presence of heavy metals in suspected areas; not typically necessary for routine testing, only when there's a cause for concern

Instructions

Sampling: Take several samples approximately 4-6" deep around the area to be tested using a soil probe, trowel, or shovel. Mix together thoroughly in a clean bucket and transfer 1-2 cups of soil into a labeled quart bag. Submit a separate sample for each unique area (garden, lawn, flowers, etc.).

Packing & Shipping: Complete this form with a separate line for each sample, making sure the Sample ID matches what's written on the sample bag. Package the sample(s) in a box with this form and ship them via your preferred method to the address above.
